Space + cell means one simultaneous chord with Braille Space. Tab = Space + dots 2345 (0x11e). Source: Mac VoiceOver, support.apple.com/en-us/103560.

Sticky: next host key or 1 s unused timeout. Command + Left/Right = line start/end; Shift + Tab = previous UI item. Globe ≠ Fn.

Skipped defaults: Caps Lock, F1–F12, brightness, Mission Control, Spotlight, previous/next track, system mute. No sourced chord in project references. Settings entry deferred.
